ANGIE CHEN BUTTON'S

Failed Leadership Is Putting Our Students At Risk.

Politicians like **Angie Chen Button** jeopardized the future of our children when they supported disastrous cuts to public schools. These massive cuts to education devastated our schools:

Increased Class Sizes: Pushing teachers and students into overcrowded classrooms.¹

Poor Teacher Pay: Keeping Texas teachers underpaid and denying them the resources they need.²

Decreased Funding for Schools: Keeping our schools chronically underfunded by billions of dollars.³

Vote NO on Angie Chen Button for Texas State House.
